LETTER WRITING

VOL. XXXIII

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIF., FRIDAY, AUGUST 7, 1925

NUMBER 32

Recall Petition Now Circulated

The petition for a recall of Mayor McNellis, Trustee McCaffrey and Trustee Blank is now in circulation and it is definitely stated that the sponsors of the recall are going through with the proposition despite the fact that the board of trustees has practically rescinded, or rather reconsidered, its former action and has not officially demoted Chief Belloni.

Mayor McNellis, on a direct question from the reporters present on Monday night, stated that the matter of making the change in the police department has been definitely deferred.

That there is a pronounced effort to carry the recall to a successful conclusion is no secret and the sponsors of this movement are not in the least backward in stating that the police situation is but one of the factors involved. In other words, according to the recall advocates, this measure was going through regardless of what action was taken on the police situation.

The petition is now in circulation and from authentic sources The Enterprise is informed that it is being strongly supported. In fact, from reports just before press time, it is practically assured that South San Francisco will record a recall. The Enterprise, at this early stage, will refrain from any further comment owing to the fact that there are so many conflicting stories and so many angles to the situation. It is, of course, deplorable that a recall is considered necessary in the foremost manufacturing center of San Mateo county, and it is the intention of this publication to report facts as they progress in an impartial and fair manner throughout. We can assure our readers and the citizens in general that when the proper time comes this publication will not be found straddling the fence on the issue.

MANY ARE REGISTERING FOR THE RECALL

Quite a number of citizens who were not on the voters' list, are now registering for the forthcoming recall election, and it is anticipated that a greater vote will be cast than was the case in the election in April, 1924, when Trustees J. F. McNellis, H. McCaffrey and Carl Blank were elected.

At that election there was a registration of 1,502, while the total vote cast was 955.

The law requires that in order to bring about a recall the petition must be signed by 25 per cent of those who voted at the last election. As there were 955 votes cast there would have to be 240 bona fide names on the petitions. It is understood that these petitions will be presented at the next board of trustees' meeting, one week from Monday. The city clerk will then have ten days in which to check over this list. The board then, provided everything is found in order and the petition is granted, will have to call an election in not later than forty days and not sooner than thirty days.

Those qualified to vote and who are not now on the last voters' list can register for this election.

The vote in April, 1924, stood as follows: McNellis, 451; McCaffrey, 417; Carl Blank, 429; G. W. Holston, 427; W. J. Highland, 299; Rod Tibbette, 260; Mrs. C. Winterhalter, 181; F. S. Schmidt, 88, and W. F. Vargus, 26.

Permit Is Granted

The permit for the buildings of the Richfield Oil company was granted at the regular board of trustees' meeting on Monday night. Work is progressing on these structures in a gratifying manner.

May Succeed Ladd

Douglas H. McArthur, who may succeed the late Senator Ladd in the United States senate, Mrs. Ladd has urged Governor Sorlie of North Dakota to make the appointment. Dr. McArthur was Senator Ladd's secretary and worked with him for more than four years.

INFORMATION ON THE ELECTION

All those who have not registered in this city since January, 1924, must register in order to be able to vote at the forthcoming recall election. Any citizen otherwise qualified to vote and who has resided in this state for one year, in the county ninety days and in the city for thirty days is qualified to register and vote.

Everybody, however, must register after January 1, 1926, in order to vote at any election next year.

The candidates elected at the forthcoming election, provided the three incumbents are recalled, will be elected for the unexpired term. This question has been raised and The Enterprise ascertained the facts from official sources. Some contended that they would serve only until the next election, but this is an error. The recall election will probably be held early in October, provided the petitions are found to be in order.

Manager Makes Official Report

Manager Phil Thompson of the South San Francisco Chamber of Commerce, at the request of Mayor McNellis, at the regular board of trustees' meeting on Monday night, gave a very comprehensive verbal report on the progress made by the executive committee of the committee of one hundred having the public improvements matter and proposed bond issue in charge.

He stated that the committee had held a meeting with prominent landscape engineers in regard to beautifying the civic center and improving the three parks. It is estimated that this cost would be about \$3,500. Mr. Thompson also stated that the board of fire underwriters were in the city working on the matter of fire protection and a report was expected in the near future.

In connection with the civic improvements he suggested that the city arrange for the payment of \$275 to defray the cost of preparing plans and specifications along the lines of the \$3,500 scheme. He pointed out that any unit of this scheme could be used and that by having the plans and specifications, matters could be facilitated.

It was finally decided to call a special meeting for next Monday evening, when the matter would be finally taken up and the plans examined.

WHY OUR AUTO SECTION FAILED TO MATERIALIZE

"Man proposes and—" along comes a combination of circumstances that knock his propositions galley west. Such was the case with the special Automobile Section, announced last week.

At the time the announcement was made there was every indication that we would have business sufficient to make a corking good, 4-page section, but cuts and copy from the east failed to arrive and we were compelled to abandon the idea at the eleventh hour.

But all things come to him who waits and does a fair amount of rushing during the waiting period. Those belated cuts will show up some time and The Enterprise will know how to use them to the honor, glory and benefit of the local auto dealers.

MANY LOCAL PEOPLE ATTEND SUNDAY PICNIC

The Banality club of San Francisco gave a picnic at Paradise park, Sunday, August 2. Miss Julia Guadagni of this city took first place in the penny race for young ladies and second place in the 50-yard dash. The young people from this city who attended were: Misses Catherine Gaddini, Mary Dymtryk, Marie Panturi, Julia Guadagni, Edith Guadagni, Doris Cattalini, Messrs. Willie, Virgil and Albert Cattalini and Ed. Lattig, Vincent Lynch, James Lynch, Frank Fitzpatrick and Ernest Cattalini of San Francisco.

No Funds for Purpose

Secretary J. J. Jones of the recently organized Lomita Park volunteer fire department sent a communication to the board of supervisors requesting assistance. The county clerk was instructed to notify the fire department of Lomita Park that there were no funds available for that specific purpose and to suggest that a fire district be established. District Attorney Swart offered to prepare the papers for such a district without cost to the residents.

Date Set for Hearing Bids

A resolution setting September 14 as the date for receiving bids for the franchise asked by the Great Western Power company was adopted at the regular board of supervisors' meeting on Monday night, and unless a higher bidder than that corporation comes forth on that date the franchise will be granted to the Great Western Power company for the coast side power line.

Yosemite Control System Removed

Superintendent W. B. Lewis of the Yosemite national park has issued a bulletin to the motoring public stating that the control system on the Wawona road between the floor of Yosemite valley and Inspiration point will be discontinued. This will be welcome news in automobile touring circles, for it will eliminate all delays in entering the park over this popular scenic route. The control system on the Wawona road has been in effect for the past ten years and its discontinuance has been brought about by the recent widening of the highway and the reduced grades that have been established.

According to Lewis' bulletin, "the reconstruction of the Wawona road between the floor of the valley and Inspiration point during the past few months has made the removal of the control system safely possible. All but one-half mile of road between Yosemite valley and Inspiration point has been widened to a full travel width of twenty feet, and the curves and grades considerably modified.

Many Turnouts

"The short section not rebuilt has been provided with numerous turnouts, so that this road will accommodate two-way travel with complete safety.

"Further reconstruction of the Wawona road is not contemplated at this time. Motorists are now assured of no travel delays in entering Yosemite national park over this popular southern automobile route.

"The Alder creek checking station, near the park entrance, will open to incoming cars between 7 a. m. and 8 p. m.

"Outgoing automobiles may check through this station any time between 7 a. m. and 10 p. m. The Bridal Veil checking station, on the floor of Yosemite valley, will be open to incoming machines between 8 a. m. and 10 p. m. Motorists leaving Yosemite valley may check through this station any time between 6 a. m. and 8 p. m.

"During the past week 13,619 persons entered Yosemite national park, as compared with 7,580 visitors for a similar period last year, showing a gain of 6,039 people for the week."

OFFICER LANGE LEAVES CITY

Officer Edward C. Lange, who was slated for the position of chief of police of South San Francisco, has gone back to the metropolis, where he has again resumed his position with the Pace Hardware Company, 600 Broadway street. Mr. Lange stated to The Enterprise prior to his departure that he was very sorry that his name was so prominently connected with the entire affair. It appears that he was recommended for the position by a certain citizen here and he was sent for by the board.

It was pointed out to him that the board, or at least the members who suggested the matter, for it appears that Trustees Cunningham and Eschbach were not consulted at the start, desired an outside man rather than a man who was so well known in the city.

Under these circumstances and in view of the fact that he was informed that no local man with sufficient police experience could be secured, Mr. Lange came to the city. Mr. Lange some years ago worked in this city. Also he was employed on the local street car system.

THINKS THE SCHOOL BOARD SHOULD PAY

Assistant District Attorney Scott appeared before the board of trustees on Monday night in connection with the matter of the easement on the alley requested by the school board.

It appears that there will have to be some sewerage adjustment made and the district attorney wished to know who would pay for this. School Trustee Cavassa contended that the city should pay for it, but City Attorney Davis gave as his opinion that it was a matter for the school board to look after. The matter will be taken up again by the school board, it is understood.

SHERIFF McGOVERN HAS NEW DEPUTY

John Edward Farrell, a son of Justice of the Peace Edward Farrell of South San Francisco, began his duties Tuesday as a deputy in the office of Sheriff T. C. McGovern. Notice of his appointment was filed with the county clerk this week.

ENGINEER AT SHEET STEEL PLANT INJURED

William H. Wood, 319 Spruce avenue, employed at the Pacific Sheet Steel corporation, as engineer, received injuries while at work on Saturday, August 1, when a truckload of steel pinned his left foot against the wall, causing contusion of the muscles of his left thigh.

\$200 for Publicity Granted

The board of trustees on Monday night granted the sum of \$200 for South San Francisco publicity in the special number of the Daily Commercial News of San Francisco, after Editor Walsh explained the merits of this contemplated special edition.

MARSHAL BELLONI

Marshal Belloni, or as he is generally designated, Chief Belloni, has shown excellent judgment throughout the entire police situation in this city and we wish to publicly commend him for his action.

On all sides we have heard none but the best reports about him, both in his private life and as an officer. His removal from the force or contemplated demotion would have been a grave injustice to the man, for it would have placed a stigma upon him which, according to the general opinion freely expressed, would not have been warranted.

As a man who has done his duty to his country and to his mother and the family, he stands high in the esteem of all. In regard to his duty as an officer and public official, it must be considered that he stands in the same relative position in that respect as do all other officers in the smaller communities.

In other words, being an appointive officer, the incumbent is guided by those in higher authority and our contention is that the police affairs of a community are regulated in accordance with the wishes and mandates of the police commissioners and not the members of the police department.

In other words, the police matters are regulated no better or no worse than the police commissioners wish it.

May Participate In Grand Jubilee

County Tax Collector Ambrose McSweeney, at the board of trustees' meeting on Monday night, brought the matter of South San Francisco participating in the big parade in San Francisco during the Diamond Jubilee to the fore, as suggested in an editorial in this paper recently.

The progressive county official declared that South San Francisco, the leading industrial center of San Mateo county, should have a float in keeping with the district.

He pointed out that he brought the matter up at this time limited to the fact that the time was short.

The board heartily endorsed the suggestion and Manager Phil Thompson of the chamber of commerce was called upon to offer an opinion from the standpoint of that organization.

Mr. Thompson suggested that a representative committee be appointed to take up the matter. It was suggested that the Manufacturers' association be consulted and a committee, including Mr. McSweeney, the sponsor of the local participation, was appointed.

Secretary Hodgkins of the Merchants' association reported that his organization had already discussed the matter and in fact had taken the initiative. A committee consisting of Mr. Thompson, Trustee Cunningham, Mr. McSweeney, Mr. Cavassa, Mr. Truax and City Attorney Davis now have the project in hand.

SOUTH CITY MERCHANTS DEFEAT THE ALL STARS

The South San Francisco Merchants, in their clash with the Burlingame All Stars at Burlingame last week, were victors in an indifferent game, wherein the final grand total was 16 to 8.

Parkman, Lister and Matzo were the battery for the Merchants and Sallagros and Higgins, respectively, hurled and caught for the All Stars.

The final analysis looks something like this:

Merchants	3 3 2 0 0 4 4 x-16
All Stars	1 0 0 3 2 1 0 0 1-8

Mr. and Mrs. W. J. Green Entertain

Mr. and Mrs. W. J. Green entertained Tuesday in honor of Misses Claire and Marguerite Gallagher of Sacramento. A pleasant evening was spent in dancing and playing bridge. Those attending were: Mr. and Mrs. T. E. Harris, Mr. and Mrs. E. R. Griffiths of San Francisco, Mr. and Mrs. M. McLennon, Mr. and Mrs. L. T. Mason of this city, Messrs. W. Libarger and Joseph Gallagher of Sacramento.

Local Mushrooms Soon

Trustee Cunningham, at the regular board of trustees' meeting on Monday night, brought up the matter of granting a permit to Mr. McFarland, who recently purchased an acre of land in the Los Cerritos district for the purpose of raising mushrooms in commercial quantities. The permit was granted.

ANNOUNCEMENT

Dr. Irvine announces his return from Europe and the resuming of his office at the South San Francisco Hospital, also at 209 Post Street, San Francisco.

Trustees Defer Definite Action

When President of the Board McNellis called the city fathers together on Friday night he and his colleagues were confronted with some four hundred representative citizens of South San Francisco. Long before the meeting started standing room was at a premium and the overflow took possession of every vantage point, including the raised platform upon which is located the circular table at which the board of trustees holds forth.

The press table was augmented by representatives from the San Francisco newspapers and there was a general air of suspense and expectancy during the session.

Chief Belloni was at his regular station and a semblance of a smile was noticeable upon his face, for the great attendance at this regular session was a pronounced tribute to this very capable and gentlemanly officer at the head of South San Francisco's police department.

Routine business was transacted and throughout the session the large crowd remained orderly and patient. When it became apparent shortly after 9:30 that practically all the routine business had been disposed of, there was a noticeable squirming in seats and considerable murmuring. It is safe to say that at least nine-tenths of those assembled expected some "fireworks."

"Have you anything further to bring up at this meeting?" asked President McNellis of the board, of City Clerk Dan McSweeney.

"Nothing further that I know of," replied the city clerk.

"The chairman will entertain a motion to adjourn," remarked the mayor, and before the large concourse of citizens realized the full extent of this move, the meeting was over without a single reference to the vital question pertaining to the demotion of the popular chief of police.

As the fact dawned upon those assembled, however, and they realized that no public action would be taken, a general murmur of protest, interspersed with "boos" and hisses, greeted the city fathers and aside from this manifestation of pronounced disapproval, the four hundred citizens dispersed.

Initiative Would Raise \$20,000,000 For State Highway

Twenty million dollars for the Bay Shore highway and other state roads will be provided if an initiative measure now in preparation for the election of 1926 is endorsed by the people of the state.

Assemblyman Robert McPherson of Vallejo, chairman of the ways and means committee, is sponsoring the measure, which, he says, contemplates taking one-half of the amount out of the state surplus, the remaining \$10,000,000 to be raised by the means of a weight tax over a period of five years. The weight taxes are to be in addition to the other fees at present collected by the state motor vehicle department.

The act provides that all fees collected under the provisions of the weight tax section are to be deposited in a road fund called the "initiative construction fund" and are to be expended under the direction of the highway commission. None of this fund is to be expended for rights of way, grading, bridges or drainage structures.

The measure declares that "all public roads now on the routes of the new additions to the state highway system shall become parts of such highways, without compensation being made thereof."

POLICEMEN'S DANCE GRAND SUCCESS

The second annual ball given by the South San Francisco police department in Fraternal hall on Saturday evening was a grand success, both financially and socially. Lamb's orchestra, as usual, left nothing to be desired in the way of music and the management throughout was up to a high standard. George White of San Bruno won the \$20.00 award for the prize waltz.

Cost of Automatic Signal

A communication from the Southern Pacific railroad company was read at the board of trustees' meeting on Monday night stating that the cost of an automatic signal system at the west end of Orange avenue would cost \$960.

This would be an up-to-date wig-wag signal and this cost does not include the connecting up with the United Railways crossing. On motion of Trustee Cunningham, the matter was referred to the city engineer with instructions to report at the next regular meeting.

Application Again Deferred

At the regular board of supervisors' meeting in Redwood City on Monday night, the application of Frank C. Towns for a franchise for a transbay bridge from San Mateo to Hayward was continued for another two weeks on motion of Supervisor Hickey.

ENTERPRISE WILL BE ISSUED FRIDAY

Commencing with this issue, The Enterprise will be issued on Friday instead of on Thursday as heretofore. Owing to the increase in advertising and the several new innovations in our news section, we will be able to give even better service than in the past, and it has been found necessary to issue the paper as stated above. By this new arrangement we will be able to give our readers later news.

Expect No Great Difficulty Here

Much has been said about the proposal to redistrict San Mateo county and some of the county press intimated that there would be a great political battle in this connection. The matter, it was decided by the board of supervisors on Monday night, would come up on Monday, September 7.

From reliable authority we are informed that county officials generally favor the reappointment.

When one considers that First township, in which is located South San Francisco, Colma, Daly City, San Bruno, Millbrae, Lomita Park and Easton, as well as a number of smaller communities, has a voting strength of 6,700, and Second township has a voting strength of 7,600, Third township with 3,400 in round numbers, and with Fourth township with 700 and Fifth township with 380, one can readily see the injustice of the entire matter.

In other words, Townships 4 and 5, with a total vote of a little over one thousand registered voters, has two representatives on the board. Or, take it this way: Township 5, with but 380 votes, has as great a voting power on the board of supervisors as has First township with 6,700 votes and Second township with 7,600 votes.

Let us have a redistricting by all means.

LOCAL YOUTHS HAVE REAL SEA ADVENTURE

Drifting all night in an open boat which they secured from near the tunnel and landing safely at Pacific City the following morning was the experience of three local youths this week.

The three boys were Joe Silva, Olinde Bonazar and E. Bertozzelli. While the anxious parents were taking the matter up with the police and organizing search parties, the boys were drifting around the bay. They returned to the city none the worse for their experience.

On Two Weeks' Vacation

Mr. and Mrs. Edgar Lewis left on Thursday for Humboldt county, where they will visit for several weeks. It is understood, Mr. Emerick will have charge of the local Chevrolet establishment and garage during the absence of Mr. and Mrs. Lewis.

Big Gun on Way

City Clerk McSweeney received word Thursday from Adjutant General R. E. Mittelstaedt acknowledging the receipt of the check for \$12.20 for freight and informing him that the war trophies ordered by this city have been ordered shipped as directed.

Light Plans at Next Session

Engineer George Kneese stated at the board of trustees' meeting that he would have all the plans and specifications for the lighting extension on Miller avenue, together with the resolution, ready for the next regular meeting.

Asked what these lights cost on other thoroughfares, he stated about \$2 per front foot per lot, or \$100 for each 50-foot lot.

Entertains for Sister

Mr. and Mrs. Edward R. Sands of Miller avenue entertained at a birthday dinner Sunday in honor of Mr. Sands' sister, Mrs. Lem A. Woods of Chanute, Kansas. Those present were: Mrs. Mary Castro, Mrs. Mary Menzie and daughter, Ruth; Mrs. Harry Gardner and daughters, Ethel and Alice; Mrs. Hall, Mrs. John Coward and children, Mr. and Mrs. Charles Sands, Mr. Tunzi, Mr. and Mrs. Edward Sands and daughter, Gertrude.

Initial Start Will Be Made

Mayor McNellis on Monday night at the regular meeting of the board of trustees suggested that some preliminary work should be done in connection with the Orange avenue extension. Engineer Kneese stated that the grade crossing would be attended to.

Something For Us To Think About

We take the liberty of publishing an editorial which appeared in the Burlingame Advance of August 5 and will state that with the greater portion of this editorial we heartily agree, although we beg to differ slightly in regards to South San Francisco reference. With the balance of the editorial we are heartily in accord and can state truthfully that we are not included in the list of newspapers controlled by the combination which we know exists in San Mateo county and which is becoming bolder every month.

We herewith publish the editorial and will comment more in detail upon it in our next issue:

"South San Francisco government is about to enter the throes of a recall election. As a consequence the town will suffer, for business boycotts always follow in the wake of local squabbles. Up in the factory town the recallers allege that the mayor has been imbibing and other things, and Captain Goff, head of the liquor enforcement for this district, says the worst conditions in his district prevail in South San Francisco, which was interpreted by the trustees to mean that the chief of police was negligent and sufficient reason for the proposal to remove the chief. War is on and it perhaps makes little difference which side wins.

"San Mateo county needs something more than a recall in some town or other to clean it up. The liquor-gambling-politico ring is all powerful and controls the county as well as most of the towns politically. Four murders or unsolved killings have occurred in this county, three in the past year. It is freely admitted that liquor is coming into this county by the coast towns and truckloads of it go into the city weekly. Bootleg joints are on every highway and byway and illicit distilleries could be found in number sufficient to fill a warehouse were anyone but patrons looking for them.

"Little wonder that Captain Goff says that South San Francisco is the worst place in his district. Little difference does it make who becomes of the recall in that town so long as public opinion is latent and looks on with little concern. The liquor-gambling-politico ring has drawn to its support forces in every town and district in the county. Men and women are unwittingly lending themselves to it believing they are on the opposite side, so cleverly does this combination work. Prohibitionists are lined up (unknowingly, of course) with this combination. Quietly, cunningly and cleverly has the combination been built up until it includes respectability as well as the weak, the shifty and profit-making heads of the ring.

"The ring controls newspapers and officials and plays in every town its trade of politics, booze and boodle right up to the very front doors of the righteous.

"There are enough big, clean and intelligent, home loving and law abiding people in this county to clean up, but they are asleep while the ring is busy. They are going to church while the liquor trucks pass the church doors. They are complacent in their delightful home life while the boodle is being passed out in the rendezvous. They are squabbling over minor things while the big game of politics and profits is being played under their noses. The South San Francisco squabble is but a sideshow to the big 10-ring circus that steadily goes on."

Granted Their Vacations

William Ely of the fire department and William Burns, electrical inspector, requested and were granted two weeks' vacation leave by the board of trustees on Monday night.

One Big Fire Reported

Fire Chief Ben Truax's fire report for the month of July records a fire loss of \$65,000. This was the big Western Meat company fire. There were three fire calls for the month, the other two being extinguished before damage resulted.

A GREAT DEAL OF IT IMAGINATION

One hears so much nowadays, especially when it comes to collecting bills on the first of the month, about hard times, about money being scarce, etc. We are safe in stating that a great deal of this is imagination.

Several business men or merchants make the statement and then, it seems, it spreads like wild fire. The merchants and business men are led to make the statement because their customers give them the same story. It is like the old fable where the cry of wolf was raised. Soon it becomes so general that people begin to believe it and we really have hard times. Those who raise the cry should take a few minutes and reflect upon the following facts:

America is steadily forging ahead. The country is prosperous and is becoming increasingly so. The federal income tax rates have been steadily reduced during the past four years and further reductions are in sight. The government just closed its fiscal year with an unexpectedly large surplus and the national debt is being steadily whittled down.

The forecast of the Department of Agriculture indicated that the farmers of the United States will be blessed with bumper crops this year. Wheat and oats are more than coming up to expectations and the corn crop promises to be one of the biggest, if not the greatest, in our history. Prices of farm products promise to be satisfactory and the farmer seems to be emerging from the valley of depression into which he was hurled by the deflation following the war.

We are informed by the business interests that they are looking forward to fall business with renewed confidence. Favorable June statistics and brisk trade in seasonal goods have increased this confidence.

The Federal Reserve board in its preliminary report states that the department store sales in June were 4.6 per cent ahead of June, 1924, and the mail order and chain stores increased their business 14.12 per cent over the year previous. Car loadings for six months have been 5 per cent larger.

These figures indicate that the business of the country is on the upgrade and the promise of good crops and prosperity in the farming communities give promise of even better times during the coming autumn.

WE HEARTILY ENDORSE THIS

Conducting a community newspaper is by no mean an easy job. An editor of such a publication has a great responsibility and for that reason it is his duty to announce from time to time a definite policy.

This week we publish a code of ethics adopted several weeks ago by the Southern Newspaper Publishers, in convention at Asheville, North Carolina. All we can add to this is to state that The Enterprise heartily endorses this code and will endeavor to live up to it. Following is the code:

"Recognizing honest differences of opinion exist, we may vigorously maintain our own opinion without denouncing others as dishonest and unfair."

"Decency should be the guiding star in the printing of news, editorials, advertising and all feature articles or illustrations."

"Is it fit to print and to be read by my own mother?" should be the test, rather than, "Will it sell more papers?"

"Consideration for the unfortunate and for guileless victims of the faults of others."

"No story justifies needless damage to a good reputation nor wanton pain to an innocent."

"Respect and tolerance for those of different religions, races and circumstances of life."

"Honesty in all dealings, whether with readers, advertiser, employees or competitors."

"Truth first, last and always."

Who remembers the old fashioned politician who considered it a privilege to be permitted to carry a torch in the parade on the Saturday night before election?

When it is all sifted down we will probably find that those Chinese riots were caused by some white man who tried to introduce chop suey into the country.

The younger generation seems to have changed the old song to read "Be it ever so humble there's no place at home."

The African Dodger

'Twas In the Early Days

(From Enterprise of 1905)

NOTICE

Notice is hereby given that teams must not be left standing on the streets of South San Francisco without being tied to a hitching post or otherwise secured, and hereafter in every case where a team is left unsecured and runs away upon the streets of said town the driver of such team will be promptly arrested and a charge of "disturbance of the peace" placed against him.—R. J. Carroll, Constable.

Within a few days the contract for the new M. E. church will be let. Let the good work go on. Within the last two months over twenty houses have been built. The new bank building is about completed. This building campaign is a good one and bids fair to continue.

F. Hultburg, brother-in-law of P. Lind, has come here to make his home. He will be employed in the Lind meat market, as assistant to Mr. Lind.

The lumber is on the ground and work begun on the new planing mill for the South San Francisco Mill and Lumber Company. The mill will be on the south side of Baden avenue, opposite the Linden hotel.

Mr. W. J. Martin ate his Christmas dinner at the Waldorf-Astoria hotel, New York.

The new Martin hall will be opened with a grand ball given on the night of the 6th of January. A great time is anticipated. Everybody come.

Those who do not buy real estate now will kick themselves hereafter. The San Mateo cars are running on the cutoff, entering the head of Mission street at the Daly hill.

The South City orchestra has been newly organized. With Rev. McCollister as leader. The band members are arranging to give a ball next Saturday evening, December 2.

Fred A. Cunningham, recently arrived from Oklahoma, nephew of E. E. Cunningham, will make his home in our town and be employed in the office with his uncle.

E. W. Langenbach has just received a new assignment of cloth in his tailoring establishment. The patterns are something swell and as to the quality, it excels everything in its line. Suits from \$20 up. Fit and style are absolutely guaranteed.

The workmen have completed the work of putting in water meters on Baden avenue.

FOR RENT—A modern 8-room house, sanitary plumbing, chicken yard; \$15 per month. At Millbrae. Chas. G. Oswald.

Premonition

"Did you expect me to accept you the night you proposed?"

"I did. Just before I reached your home I walked under a ladder and a dog howled three times."—Sydney Bulletin.

Her Job

"It's the little things that count," said the educational lecturer.

"Yes," responded the primary grade teacher, "but you can't imagine what a hard time we have teaching them to do it."

Quick Changes

Mrs. O'Gay—John, with my make-up on I could pass myself off as your daughter.

Mr. O'Gay—Yes, and with it off, my dear, I could pass myself off as your son.—New Bedford Standard.

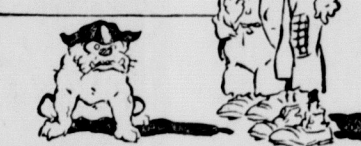

The Lace Maker

Irate Customer—Here, look what you did!

Laundryman—I can't see anything wrong with that lace.

"Lace? That was a sheet!"

LIFE'S LITTLE JESTS

PROOF OF PERVERSITY

"Reports say the rye crop is the best ever."

"Well, doesn't that just show the perversity of nature—when it can only be used for bread?"

Passing Contract

Position in affairs of state may oft prove brief though breezy. The salary isn't overgreat. And the resignation's easy.

A Natural Inquiry

"Do you sell motor cars, hams, snow shovels, church bells and the like?" asked J. Fuller Gloom, the human hyena.

"No, sir, we fill prescriptions, and —" replied the salesman.

"Then, why in the name of the bird with the broad and sweeping wings do you call this a drug store?"

Beautiful Hair!

Both men and women are assured of a beautiful and luxuriant growth of hair by using "Woodson's Medicated Shampoo," the scientific treatment for the scalp and hair. It makes you look and feel younger, gets rid of dandruff, checks falling hair, relieves itching scalp, grows new hair and keeps the scalp in a healthy condition. Try it and notice the difference. 50 cents a jar.

Peninsula Drug Co.

258 Grand Avenue, S. S. F.

NEW SLANG

The young salesman placed his sample case on the porch and began genially:

"How do you do? I should like to introduce to you our new razor." "You needn't waste your time," replied the farmer sharply, "an' what's more, young fellow, that smart city slang won't get you very far in these parts. The next farm you stop at you'd better call a scythe a scythe."—Forbes Magazine.

Both Thick

A clerk in London, whose strong points were malignancy and stupidity, thought he could use the fog as an excuse for his absence. So he sent a note to the office: "Too thick; can't come today."

Promptly the reply came from the boss: "Too dense; don't come at all."

Father Sage Says:

Th' ambitious young man, after takin' a course in business college, in order to better prepare himself for business, takes up golf!

Dangling for Some Time

Mr. Langley—Ah, they have just dropped their anchor!

Mrs. Langley—Dear me! I was afraid they would. It's been dangling outside for some time!

Embarrassing

"Why did you give up pipe-organ lessons?" "I felt so blooming childish, playing with my feet."—From the Stanford Chaparral.

War Sufferers Should File For Compensation

Any person who served during the period of the World war, which is between April 6, 1917, and July 2, 1921, and feels that he or she is suffering from any disability which is due to or aggravated by such military or naval service, should immediately file with the United States Veterans' Bureau an application for compensation, Form 526, carefully prepared in accordance with instructions contained thereon and sworn to before a notary public or other person duly authorized to administer oaths, together with a certified copy of certificate of discharge.

In all cases where the time limit of five years from date of discharge for filing applications has expired, an accompanying affidavit should be furnished, showing the reason for not having filed in the required time and requesting that the 2-year extension be allowed by the director. When such an application is received by the bureau a thorough medical examination by a medical examiner of the United States Veterans' bureau will be ordered.

Further information and blank applications will be gladly furnished by Frederick A. Royse, chief, co-operation section, San Francisco regional office, United States Veterans' Bureau, 863 Market Street, upon request by letter, telephone or personal call.

Golden State News of Interest to All

A Los Angeles mine operator has secured control of the Woods mineral tract at the west city limits of Grass Valley.

Bids will be opened soon for a reinforced concrete hospital building for Siskiyou county, to be built at the city of Yreka.

Henry C. Hockins of Turlock has qualified for membership in the "Covered Wagon Revue," to be staged at the state's Diamond Jubilee celebration.

By executive order, an 80-acre tract on one of the main highways out of Los Angeles has been set aside by the government for a recreational camp for motorists.

Thirty were injured at Point Lookout when a section of an outdoor amphitheater collapsed during the semi-annual ceremonies of the Knights of Kahrossan order.

The convention of the Pacific Coast Association of Advertising Clubs at Portland awarded the prize for stunts to a skit written by LeRoy Carroll, president of the Fresno club.

J. C. Watson, tax expert of the state of Illinois, is to be employed by the Farm Bureau federation for the purpose of making a study of the tax situation in California.

Articles of incorporation have been filed for the Trakford company, who are to manufacture track-laying attachments for small tractors in a plant to be erected at Pittsburg.

Construction of the breakwater at Crescent City harbor has been brought to a standstill for lack of funds. The last appropriation was expended on work on the jetty completed July 18.

State Treasurer Charles G. Johnson has completed arrangements for loaning \$400,000 in state deposits to the banks of Santa Barbara to aid in the reconstruction of the city, partially destroyed by a recent earthquake.

No representatives will be sent to Washington by the Turlock irrigation district to argue against the Hetch Hetchy power sale by San Francisco to the Pacific Gas and Electric company.

Plans have been completed for a one-story frame and stucco club building for the Women's Club of Suisun, Solano county. The structure will be erected at Suisun and will cost about \$15,000.

October 31 has been definitely fixed as the date for the big Shrine ceremonial at Napa. The affair, which will take thousands of Shriners to that city, will be under the auspices of Aahmes temple of Oakland.

The monthly average received by producers for eggs shipped out from the Novato egg station last year was \$16.14; for hatching eggs, \$8.77, making a total close to \$55,000, besides a good average shipped out by train and truck.

Occasional complaints that business is dull are not borne out by the figures usually selected as barometers. Bank clearings in the leading Pacific coast cities, for example, were uniformly higher for June than for May, or for June of 1924.

Efforts are being made to include those teachers not on the active rolls at the time the retirement pension amendment was voted by the city of San Francisco and who were excluded from the benefits of the provisions. Another amendment may result.

Sacramento county officials and the capital city supervisors have approved the construction of a bridge across the American river near its junction with the Sacramento river, to connect with the Garden highway and provide a way of travel into Sacramento from the valley. The cost, about \$1,000,000, will be borne jointly by the city and county.

Father Philip J. Delon, the so-called "Junipero Serra of Alaska," has come out of the land of snows for the first

TO QUIET THE BABY, BUY A JUG OF MOLASSES, APPLY SOME TO BABY'S FINGERS AND THEN GIVE THE LITTLE ONE A FEATHER TO PLAY WITH

MICKIE, THE PRINTER'S DEVIL

WILL APPEAL DECISION OF JUDGE G. H. BUCK

In an action in the superior court at Redwood City in the case of Stanley Y. Shepherd and William H. Yates, wherein an accounting and division of the property of a pigeon and squab business at Menlo Park was demanded of Yates, notice of intention to appeal to the supreme court has been filed and request made for a transcript of the case.

time in a decade and is in Sacramento for the series of conferences with Catholic authorities in charge of missionary work. He is superior of the Jesuit missions among the Eskimos and Indians of America's northernmost possessions. In visiting his twenty-five Alaskan missions, Father Delon travels approximately one thousand miles a year with dog teams.

Contending it would be impossible to convict unnaturalized aliens of violating the anti-firearms law under a recent decision of the state supreme court, District Attorney J. J. Henderson of Sacramento has asked the superior court to dismiss foreigners arrested on charges of carrying concealed weapons. The supreme court recently set aside the conviction of a Mexican in the local courts, holding that the prosecution had no right to prove the defendant's nationality by admission made by him to the arresting officer.

Horticulturally, things look pretty good, according to the official statisticians. Peaches promise a yield of 292,000 tons against 320,000 last year. Apricots are in larger supply than last year, but the quality is not first class. There was a short crop of cherries, but prunes and plums are in good volume and prices are attractive. Grapes of all varieties will be abundant. Shipments of fresh deciduous fruits to July 12 were 4,342 cars, compared with 4,526 cars at the same date last year. The heaviest movement thus far is in plums, with pears ranking second.

So rapidly is the export trade increasing that California fruit and vegetable canneries will be forced to double their facilities and output within the next two years, according to Edward Chambers, Chicago, vice-president of the Santa Fe railroad, who has just completed a visit through the large agricultural districts of the state. The 1925 crops of fruits and vegetables will bring into the state the biggest flow of money in its history, the rail chief believes, and the outlook for abundant crops and good market conditions will bring a flood of prospective farmers and homeseekers to California the remaining half of this year.

A crisis in the affairs of the agitation for an all-year-round highway along the North Fork of the Feather river was brought about by the recent announcement of the chairman of the state highway commission that that body had decided to assume the burden of maintenance of the highway between Quincy and Oroville by Buck's ranch, in compliance with the provisions of a law passed by the recent legislative session.

DALY CITY

By BEULA O'ROURK

"Some Boy"

Have you noticed that the announcer at Fraternal hall, that is when there is a dance, is very popular with the crowd, as they all (are) pick on him, that is why they call him some boy.

The Daly City library has added fifty new books to its shelves.

The Vista Grande grammar school is receiving a new coat of paint.

Paul Williams of Colma intends to leave next week for a two weeks' motoring trip to Oregon.

A. L. Stockton of Crocker avenue is still confined to the hospital with a carbuncle on his neck.

The J. J. Poket family of 6348 Mission street returned from Yosemite last Saturday afternoon.

Charles W. McKee of 79 Irvington street is spending a two weeks' vacation with his relatives in Pasadena.

Mrs. R. Ricardo of Vendome avenue returned to Palo Alto to continue her vacation after a week at home.

B. Picetti of Price street returned from Stockton last Sunday, where he was spending a two weeks' vacation.

Miss Marie Walker of Vendome avenue returned home from Palo Alto to attend to her studies for the new fall term.

Jefferson Union high school opened up for the fall term Monday, August 3, with an enrollment of seventy-four new freshmen.

Mrs. W. Carmichael and daughter, Margaret, of Shakespear street are spending a two weeks' vacation at Capitola by the Sea.

Mr. and Mrs. H. Plath of 210 Lawrence street returned home last Friday from Los Angeles, where they attended a convention.

J. Watts of San Francisco was a visitor at the home of Mr. and Mrs. S. S. King of 199 Vista Grande avenue last Sunday afternoon.

Mr. and Mrs. Louis Stark and daughter, Francis, formerly of Colma, have moved back to Daly City, on Mission street, near the new high school.

Mr. Richard Plath, Miss Winifred O'Rourke and Mrs. Jean O'Rourke of 263 Evergreen avenue motored to Capitola by the Sea and San Juan last Sunday.

Mrs. L. T. Cook of 101 Hillcrest drive is enjoying a two weeks' vacation from her duties in the Daly City water office. Her position is being filled by her son, Fletcher Cook.

Mr. and Mrs. George Augustien and Mr. and Mrs. A. Foppiano of Evergreen avenue entertained Mr. and Mrs. Minor Smith and children of Redwood City at an Italian dinner last Saturday evening.

Saturday evening, August 1, a party was held in the Company No. 5 firehouse. The evening was most enjoyably spent in dancing, games and singing. Dainty refreshments were served to the following young folks: Alcyone Clonsky, Jeanet Jones, Georgian Knock, Sylvia Thomas, Lois Aylworth, Buela O'Rourke, Matilda Bernardino, Irene Fromm, Bernice Maxey, Lillian Fernleaf, Edward Higgins, Fletcher Cook, Fred Junker, Arnold Glendenning, Robert Lafau, Reed Clark, Paul Williams, Edwin Kingsland, J. Watts and Mr. Fraser.

A most unfortunate accident occurred last Saturday evening at 10:05 o'clock when Loven Faber of 1056 Brunswick street, Daly City, was instantly killed when a truck driven by John Rhodes of Colma struck him. According to police reports, the 12-year-old boy was stealing a ride on a south bound San Mateo car when the truck, which was being recklessly driven in a zig-zag course, back and forth across the street, came abreast of the car, a little way from Onondaga street. As the truck pulled away, the mangled body of the boy dropped to the pavement. Funeral services were held Tuesday, August 4, from the parlors of H. F. Suhr & Co., of 2919 Mission street, with interment at Mt. Olivet cemetery.

Co., lots 17 and 18, block 149, South San Francisco.

Trust Deed—Karin Pearson and husband to trustee for Bank of Italy, lots 22 and 23, block 24, Huntington park, first addition.

Recon. and Rel.—James T. O'Keefe to Charles H. Stuermann, lot 50, block 97, Martin subdivision, South San Francisco.

Trust Deed—Homer J. Stockton and wife to trustees for Home Mutual Dep. Loan Co., lot 42, block M, San Bruno park.

No Completion—Charles Hannigan and wife, lots 15 and 16, block 17, Huntington park.

Deed—Estate of Marguerite Willard Conolly to D. W. Ratto, 200 acres near La Honda.

Mortgage—Jesse H. Stephenson and wife to I. Grant, west 40 feet lot 6, block 76, South San Francisco.

Trust Deed—Leonard & Holt to trustee for Anglo-California Trust Co., lot 28, block 23, lot 34, block 21, second addition, Huntington park; lot 43, block 20, second addition; lot 35, same block; lot 3, block 19, second addition; lot 23, same block; lot 22, same block; lot 15, block 4, first addition; lot 4, block 19, second addition.

Deeds—Luigi Martinelli and wife to Luigi Maggi and wife, lots 47, 48 and 49, block 2, San Bruno park.

S. F. Peninsula Land Co. to Phillip Gowing and wife, lots 6 and 7, block 1, first addition, Huntington park.

Cal. Bank of S. M. Co. to Frank I. Valentine and wife, ac. lots 36 and 37, block C, San Bruno park.

Frank I. Valentine and wife to Herman Sick and wife, same.

Mtge.—Herman Sick and wife to Investors' Syn., lots 36 and 37, block C, San Bruno park.

Rel. and Recon.—Hatch & Smith to Frank I. Valentine and wife, lots 36 and 37, block C, San Bruno.

Lease and Bill of Sale—Mrs. J. M. Baradat to Sam and Steve Gazzera.

DISTINCTNESS IN MAKING SIGNALS

A cause of irritation, confusion and frequent mishap is the failure on the part of drivers of motor vehicles to make their signals for turning and stopping pronounced and distinct. If every driver had served an enlistment in the army he would realize the force of this statement. Due to the fact that in the noise and confusion incident to active combat, verbal commands and even bugle calls cannot be heard, most of the leading of troops is done by hand and arm signal. Because human lives are dependent in this case upon ready comprehension of signals, all leaders are taught to make these signals in a very decided manner. So in traffic, where lives may be dependent on the signals given by motorists, these signals should be clean-cut and positive.

Here is a warning sent out by the safety bureau of the National Automobile Club:

If you mean to stop, do not hang your arm languidly over the edge of the car. If you mean to turn left do not project one finger a few inches beyond the door, or if turning to the right, do not stick a hand out at random and expect those in the rear to be mind readers. Your signal may prevent serious accident. Signal and signal correctly.

Spring Valley Water company has been authorized by the railroad commission to exchange small parcels of land with Carrie E. and Henry S. Bridge, adjoining the proposed Sky-line boulevard in San Mateo county, for the purpose of straightening out the route of the proposed highway and establishing the center line of the state highway as the boundary line between the lands of the applicants.

Importance of Ice Cream Purity

At this time, you may be interested to know that the National Ice Cream Company is the only ice cream company having direct supervision over all the dairies from which it derives its enormous cream supply. The National Ice Cream Company is the only ice cream company to purposely operate its own creamery and locate it in the midst of the dairying district.

Within four hours of milking, the cream has been thoroughly pasteurized and has passed under pressure of 4,000 pounds to the cubic inch. This bursts all the butter globules and makes the cream practically a pre-digested food, which the most sensitive digestive organs can immediately assimilate.

A frequent method of conveying cream, from dairies to the city, is the tin milk cans with which we are all familiar—having seen them basking in the sunshine along the way stations, the cream evaporating and mellowing far from its first purity.

National Ice Cream Company, realizing the importance of cream purity and the responsibility it feels in serving the public, is the only ice cream company to transport the cream—from its source of supply to the manufacturing plant—in a great sanitary glass-lined tank trucks which keep the cream at an even, cool, low temperature, thus assuring its original sweet purity for the most perfect ice cream it is possible to produce.

National Ice Cream

ONE racing model bicycle, finely equipped; first class condition; \$45. Apply Ernest C. Bohm, 380 El Camino Real. Phone 156 San Bruno.

The Coast route is open to motor traffic from San Francisco to San Diego, in spite of many reports to the contrary. Motorists are urged to drive through the Santa Barbara district without halting and without turning off the main route of travel until such time as conditions resultant from the recent earthquake have been restored to normal. No slides will be encountered and traffic conditions are declared to be normal along the entire route.

DRY, WARM AUGUST, SAYS FATHER RICARD

In his monthly prophecies, for which his followers are coming to look for more and more as time passes, Father Ricard, director of the Santa Clara observatory, promises a warm and dry August, with several periods of considerable length promising exceptional weather along the coast.

August 8, 9, 10—Fair everywhere on the coast and interior. Warm wave continued.

August 11—Arrival of a new depression, mostly in the south and plateau region. Hardly any effect in California.

August 12, 13—Generally fair.

August 14, 15, 16—Depressions of stern character will disturb the weather of the coast and reach far inland, causing cloudiness, thunder storms, rains and refreshing coolness over the northwest, Arizona and the plateau sections. A few clouds in California and possibly light rains.

August 17, 18, 19, 20, 21, 22—Generally fair and warm over the Pacific slope. Cool waves will fall from the sky on the 18th, 19th and 22nd, rapidly degenerating into heat waves.

August 23, 24, 25, 26—Depressions of shallow depth to arrive via north and south, affecting specially Arizona and the high northwest, but little felt in California, where fair weather will predominate.

August 27, 28—Fair, under flying clouds.

August 29—A minor depression will extend and intensify the Arizona low and possibly cause a sprinkle there. Nice weather in California.

August 30, 31—Fair over the coast and even up to the outskirts of the Rocky mountains.

COLMA, LAWDALE

Joseph Forto of Millbrae was in town last Saturday visiting friends.

Mr. and Mrs. C. Bullman of First avenue spent the week-end with their son, Claude, who is vacationing at Capitola by the Sea.

Mrs. Ramirez and Miss Alma Ramirez are spending the week at the Haubrich summer home, "Sobre Las Olas," at Capitola by the Sea.

Carl Schwarz has received the contract to paint the Salada Beach grammar school.

Mr. and Mrs. Jack Kennedy and children, who spent the summer at the Big Basin in Santa Cruz, returned to their home last Sunday.

Mr. and Mrs. L. Sani and daughter, Miss Eleanor Sani; Miss Louise Merlo and Alfred Zanetti motored to Half Moon Bay last Sunday.

Miss Frances Ralston of San Jose was in town on business last Wednesday afternoon.

Miss Louise Merlo of Vale street spent last Thursday in San Francisco.

Professor W. J. Savage attended the Salinas rodeo and enjoyed it very much.

The Jefferson Union high school opened Monday, August 3, for the fall term. The building has been completed and the science department fully equipped, as are all the other departments, and arrangements have been made to accommodate about two hundred and fifty pupils. Evening classes will be provided in English, algebra, plane geometry, cooking, sewing, millinery, typing, bookkeeping, stenography and sign and automobile mechanics as fast as there is a demand for them.

At the regular monthly meeting of the grammar school trustees at the Vista Grande school last Wednesday evening Trustees W. J. Sweeney, Louis Nava and George Augusten were present. The schools will open on August 10. The voluntary resignations of Miss Helen Gilcrest, Miss Mary Sequera, Mrs. Olive Vest, Mrs. Vera B. Wilmes and Mrs. Elizabeth Truitt were received. There are many applications for these vacancies on file.

The people of Colma answered the call of the volunteer fire department for funds in a worthy manner, contributing a large sum of money. A bazaar will be held in September for the purpose of swelling this fund.

Misses Marge O'Connor and Viola Rehume returned home last Sunday evening from Rio Nido, on the Russian

river, where they had a wonderful two weeks' vacation.

A number of local whist fans plan to attend the big whist to be given by the ladies of St. Maximus church at the Daly City auditorium, Tuesday evening, August 4. Mrs. J. Johnson is the chairlady of the evening and is working hard to make it a success.

Colleen Moore in "Sally" is to be shown at the local theater in the month of August.

Professor W. J. Savage recently spent several days at Santa Cruz and at Tassajara.

Miss Tessie O'Connor spent last week-end at Guerneville and Rio Nido.

Mrs. Beatrice Batz has resumed her duties at M. Belli & Co., following a delightful two weeks' vacation spent in touring southern California with Mr. Batz and children.

Claude Bullman, who left Monday of last week to spend his vacation at Capitola by the Sea and at Santa Barbara with relatives, was tendered a surprise party last Saturday evening by a number of his friends. Dancing was enjoyed during the evening and games were played and a delicious spread was served at midnight to the following: Misses Viola West, Jacqueline King, Lena Correo, Marion Hosmer, Wilma Rush, Doris Gustave and Hazel Morriss; Messrs. Jack Adcock, Nick Billows, Bob Irwin, Clarence Armstrong, Bert Thurston, Raymond Kelsey and Claude Bullman.

Mrs. Ellen Linden substituted for Mrs. Beatrice Batz in the office of M. Belli & Co. for the past two weeks, while Mrs. Batz was enjoying her vacation.

The new shipment of Buick cars received by the Colma Motor Car company is attracting much attention.

Miss Hortense Silva, who was visiting her cousin, Miss Sylvia Haubrich, at Capitola by the Sea, returned home the latter part of the week.

Misses Alice and Bertha Thiel attended the dance sponsored by the South San Francisco firemen in Fraternal hall recently.

Mr. and Mrs. Smallman of San Francisco were visiting friends in Colma last Sunday.

Remember that the annual Vintage Festival of Holy Angels' church will be held August 21 and 22. There will be dancing and games besides a splendid program. Ten per cent of the receipts of the affair will go to the fire

department's fund. The members of the Santana club have prepared a handsome hope chest, completely filled, which will be raffled at this time.

At the last meeting of the Colma volunteer fire department plans were discussed for the holding of a bazaar to raise funds for equipping the fire department. A number of interesting things will take place at the next meeting, so all should make an effort to be present. The bazaar will be held in September and it is planned to make it the biggest and finest affair the town has ever seen.

Mrs. M. M. Jensen was in charge of the successful whist party and dance given for the benefit of the Colma Community Center at the center building, on Dunk street, last Saturday evening. A large crowd was present and many received valuable awards. These affairs are held at the Center the first Saturday of each month, so don't miss the September whist, which will be bigger and better than ever.

Mr. and Mrs. Joseph Altieri and son, Joseph, of Mateo avenue returned home from Stuparich resort last week, having enjoyed their vacation there.

Mrs. Rena Mathais and Miss Alice Mathais will leave this week to spend a two weeks' vacation at the Seabright hotel, Seabright, Santa Cruz county.

Miss Elsie Forsell of Los Olivos avenue will spend her vacation at Seabright, Santa Cruz county.

Mrs. Emily Deller and son, Harry Deller, are enjoying their stay with Mrs. Ed Lopez, Santa Diego and will return home this week.

The Second Annual Colma Minstrel Show group held its first get together meeting at the Colma Community Center on Dunk street last Wednesday evening. A fine attendance was recorded and from the interest taken by these merry minstrels, it is evident that a fine show will be presented by them in the near future. This group should be given all encouragement and co-operation possible, as they are a credit to the community. It is planned to have a ballet of local girls at the next show presented here.

Miss Katherine Fischer, who spent the past two weeks at the Haubrich home at Capitola by the Sea, returned to her home in South San Francisco the latter part of the week.

The drill team of El Carmelo Parlor No. 181, Native Daughters of the Golden West, held a meeting in the Daly City auditorium last Friday evening and it has been decided to postpone the raffle of their beautiful hope chest until the 17th of October, as many more people wish to secure tickets, which are only ten cents. The chest will soon be on display and will contain a complete outfit of linens, besides a handsome silk robe and boudoir set.

Be sure to attend the big dance to be given for the benefit of El Carmelo's drill team in the Colma auditorium Saturday evening, August 15. Excellent jazz music has been engaged and a jolly crowd is expected. The proceeds will be used to purchase uniforms for the members of the drill team.

Western Meat News Items

The Welfare club officers met on Tuesday evening to formulate plans for the club picnic, which will be held at Sawyer's Camp, August 30. Watch for announcements. We expect to put on the biggest and most successful picnic we have ever held—a treat for the kiddies, the wife and yourself. Keep the date, August 30, in mind, and plan to be there.

Our genial timekeeper, Charley Elder, with Mrs. Elder, returned Sunday from their vacation spent in southern California. Charley had a streak of luck while in Venice and brought home enough prizes to start housekeeping with.

Charley Whitehead returned last week from the Feather river country, where he enjoyed two weeks' fishing, hiking and horseback riding.

Harold Wood was the guest of the Pacific Gas and Electric company this past week on a trip to the Pit river, north of Redding. The party left Friday and spent Saturday and Sunday examining the new hydro-electric power house which the P. G. & E. has just opened there.

Miss Mabel McColm left early this week for Los Angeles and other points in southern California, where she expects to stay for two weeks.

Al Tognetti went down to Coalinga for the opening of the deer season. His ability with the rifle was rewarded with a large 185-pound buck and a smaller 2-pointer.

R. M. Jackson of Portland was a visitor at the plant last week, as was R. C. Brown of Chicago.

Will somebody ask Pat Bowler why he has changed to high top shoes?

Mr. Haynes, with Mrs. Haynes, spent their vacation visiting a number of interesting places throughout northern California.

John Flink, with his wife and children, has taken a cottage at Santa Cruz for their vacation.

Al Mummt and Mike Bottal are deer hunting in Mendocino county.

Jack Attridge spent his vacation period touring about central California, renewing old friendships and visiting old haunts.

Ivan and Mrs. Boyer, with a party of friends, left early this week for Humboldt county, where they will spend their vacation.

Among the really great deer hunters we find Doc Norris, who took his artillery up into the woods last week-end. We understand that the deer neglected to keep the appointment with the doctor and he came back empty handed, but with undiminished enthusiasm and lots of good stories.

Mac Dotson, Mrs. Dotson and son, Jean, are touring the Yosemite valley

and Huntington lake. Cards received indicate that they are having a very enjoyable trip.

John Bowler is touring in southern California.

We are very happy to note the return of Carmelo Impresso, who was severely burned in an acid vat at the glue house some two months ago. He is acting clerk for the glue department.

Arthur Anderson's son, Arthur, Jr., drove down from Yosemite valley Monday, making the trip in the very good time of ten hours.

Frank Murray and Fred Schafer returned this week from their vacation spent in Mendocino county.

Lytle Woodman and Mrs. Woodman will move next week to a very attractive home on Miller avenue, at Magnolia.

LEGAL
NOTICE OF CONSTABLE'S SALE OF REAL PROPERTY

Under and by virtue of an execution issued out of the Justice's Court of First Township, County of San Mateo, State of California, in an action wherein Mrs. Pauline Moessner was plaintiff and Pavel V. Naas was defendant, upon a judgment rendered on the 3rd day of June, 1925, in favor of said plaintiff and against said defendant, for the sum of Two Hundred and Fifty Dollars (\$250.00), lawful money of the United States of America, with interest and costs, I have this day levied upon all the right, title, claim and interest of said defendant in and to the following described real property, to-wit:

All those certain lots, pieces or parcels of land situated, lying and being in the City of San Francisco, County of San Mateo, State of California, and particularly described as follows, to-wit: The westerly thirty-five (35) feet of lot numbered thirteen (13), having a frontage of thirty-five (35) feet upon Grand Avenue, and the easterly five (5) feet of lot numbered fourteen (14), having a frontage of five (5) feet upon Grand Avenue, in block numbered eighty-four (84), as shown upon that certain map entitled "South San Francisco, San Mateo Co., Cal., Plat No. 1," which map was filed in the office of the County Recorder of the County of San Mateo, California, March 1st, 1922, and recorded in Map Book No. 2 at page 52.

Notice is hereby given that I will, on the 1st day of September, 1925, at ten o'clock a. m. of said day, at the front entrance of the City Hall of the City of San Francisco, in said County of San Mateo, sell at public auction, for lawful money of the United States of America, all the right, title, claim and interest of said defendant in and to the above described property, or so much thereof as may be necessary to satisfy said judgment, with interest and costs and accruing costs, to the highest bidder.

Dated this 4th day of August, 1925.
S. A. LANDINI,
Constable of First Township, County of San Mateo, State of California.

AUTOMOBILE NEWS

CAR THEFTS INCREASE AT AN ALARMING RATE

The theft of motor cars has developed in the last few years from a comparatively insignificant percentage to a formidable portion of the criminal record, and stringent legislation is necessary to reduce losses from theft owing to the ease with which the crime can be committed and the facility for flight which is afforded by the stolen property itself. No legis-

lation will completely prevent all thefts of motor cars, but it will reduce the number to a great extent. The co-operation of the individual owner is necessary in any campaign to reduce the tremendous loss from motor car thefts. The owner himself must always remember to use every device within his power to make the theft of his machine difficult. He must never leave the ignition key in the car. He must see that other locks provided by the factory or installed by himself are in proper operation when the car

is left for any length of time. He can co-operate also by reporting suspicious circumstances that might result in the detection of a thief. The most important point of all, however, is to remember to lock your car whenever it is left for any length of time.

CAR OPERATION CALLS FOR NORMAL VISION

Eyesight is one of the most important phases in the safe operation of a motor car. Many a driver becomes a hazard to others on the road when he fails to assure himself at frequent periods that he himself is possessed of normal vision.

A large proportion of automobile accidents may be traced to imperfect vision, and this is a cause which can well be eliminated provided the individual motorist is required to pass certain tests in securing a driver's license. If, however, he is already possessed of such license, the responsibility of eyesight examinations must rest with him.

No man should assume the responsibility of driving a motor car unless he has passed the normal eye test. Frequently impaired vision is unnoticed by the individual and the hazard therefore lurks in the background until it reappears in a moment of danger and often provides the additional handicap that results in accident.

An eye test of the individual driver is just as important as the adjustment of headlights or brakes. The individual motorist can add a great deal to his own protection by submitting himself to a test of vision. For it is the eyes, after all, that are the most important organs in the proper handling of a motor car. Be sure that your eyes are 100 per cent normal.

Send in Your Local News Items

NEWS OF THE VALLEY ROUTE

The detour which has been in effect so long between Livingston and Atwater has been eliminated and the highway is now open to traffic, according to the touring bureau of the National Automobile Club. This, with the opening of the new pavement just north of the bridge over the Stanislaus River, has eliminated two of the worst detours on the Valley route. The only remaining detour which amounts to anything is just south of Atwater and it is anticipated that this will be open before long.

Considerable improvement work has been done on the road between Los Banos and Fresno via Mendota and this stretch is now in excellent condition, according to the touring bureau of the National Automobile Club. This is a part of the Pacheco Pass.

The road to Madera from North Fork, the Pines and Bass Lake via Bellview is now in excellent condition and is recommended as the best route to take for anyone going into this district, according to the touring bureau of the National Automobile Club. This road is in good condition and the grades are easy.

NEWS OF THE REDWOOD HIGHWAY

Construction work between Windsor and the subway, three miles south of Healdsburg, necessitates a detour from Windsor west to the river, thence north returning to the highway at the subway, according to the touring bureau of the National Automobile Club. The highway between the subway and Healdsburg is still passable. However, the contractors are placing the boards for widening and resurfacing the road and this will probably be closed to traffic before long.

Motorists desiring to deviate from the Redwood Highway at Cummings and continue north over the old Bell Springs grade will find the first four or five miles north of Cummings very rough and many steep grades, but from the end of this stretch to Harris, Alder Point, Blockburg and Bridgeville, while narrow and steep, is a good dirt mountain road, the touring bureau of the National Automobile Club reports.

This is unusually scenic country and, due to the small number of machines using this road, excellent fishing and hunting are available.

Motorists traveling south over the Coast Route are warned to drive carefully from San Lucas to a point one and one-half miles south of this point on account of highway construction now in progress.

NEWS OF THE PACIFIC HIGHWAY

It is possible to drive from Alder Springs, Glenn County, to Covelo, Mendocino County. The road is narrow, sharp turns and steep grades be-

yond Black Butte, but is entirely passable for an experienced mountain driver, according to the touring bureau of the National Automobile Club. This road passes through excellent hunting country and is recommended for anyone seeking rugged mountainous country.

The widening of the highway between Putah Creek, near Dixon, and Sacramento, has been completed and the road is in excellent condition, according to the touring bureau of the National Automobile Club.

The Humboldt road, from Oroville to Lake Almanor, is now in good condition and is recommended to anyone desiring a direct road to Lake Almanor or Mt. Lassen National Park,

according to the touring bureau of the National Automobile Club. The road is paved to Pentz, thence good dirt road to Magalia. From this point to Lake Almanor, while a mountain road, it is in good condition.

Construction work is still under way between Winters and Madison, where four miles of highway is being constructed, and it is advisable for anyone going to Madison to continue over the highway to Woodland, thence to Madison, all of which is paved, according to the touring bureau of the National Automobile Club. This is a little further, but much better road will be encountered.

HERMAN ATHLETIC CLUB BEATS S. S. F. BOYS, 7 to 5

The South San Francisco baseball team made the trip across the bay Sunday to tangle with the Herman Athletic club of Oakland and returned home tagged with their first defeat of the season.

It was one of those defeats that are hard to take, for the simple reason that of the seven runs their opponents made only one of them was earned. Errors on the part of the locals robbed Farr of one of the best games he ever pitched. He was trying hard all the time, but his teammates just couldn't get going behind him.

Haller played a good game at third and also slammed out a home run.

Wallace and Pence each gathered three hits, but Pence's error in the first inning gave the Oakland boys three runs. A 3-run lead is quite a handicap, but the locals overcame their lead in the fourth when they bunched four hits, scoring as many runs.

Errors in the next inning gave the Hermans three more runs and they held the lead for the balance of the game.

Next Sunday Fischer's South San Francisco team meets the South San Francisco Merchants' team for a trophy now being selected.

Reaching the Top

The men who reach the top seldom wait for a lift. They are climbing while others are waiting for a boost. The higher they climb the more room they have, for there's always room on top, though it may be ever so crowded at the bottom where all must start.—Grit.

Send in Your Local News Items

DIAMOND DUST

By J. B. K.

After that game Sunday a lot of blue envelopes were ordered by "Skipper" Fischer.

Bruno Raefelli umpired the game and made a good impression with both teams. Raefelli may umpire in this year's Winter League in San Francisco.

Most of the errors made Sunday were blamed to the policeman's ball the night before.

George Wallace bought a new bat and slapped out three hits. Let's hope he buys a new one every Sunday.

Johnny Signorelli accompanied the team and as usual acted as official scorekeeper.

Don't forget the big game next Sunday, when the two local teams tangle.

"Skipper" Steve Fischer made a "ten strike" when he signed Willie Rodgers to do the receiving. Rodgers is a former local boy who has been going great guns with the Macabees of Berkeley.

ONE-BASE HITS

By Jack Simpson.

Sliding Into First Base.

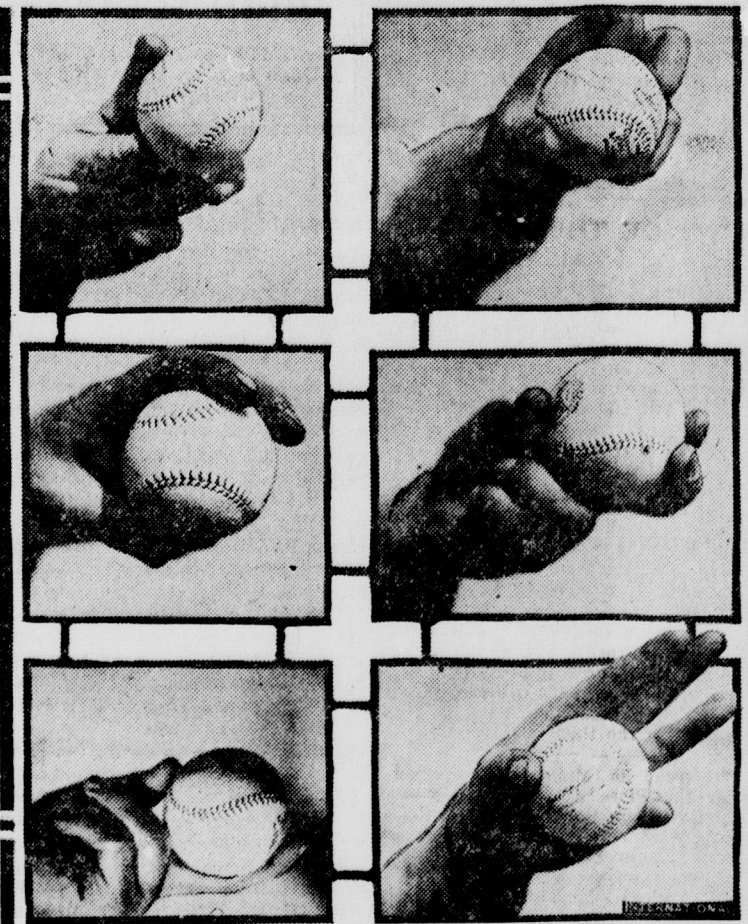

The old habit of sliding into first base to gain a close decision on an infield hit is slowly but surely dying out. Most of the modern ball players were taught or schooled the idea that this is a play that passed out of existence when the game became more speedy.

There are two faults to find with this play that did more to cast it into disrepute than anything else. First is the danger of a player becoming injured by the spikes of the baseman. First base is the only one that must be touched by the baseman in order that the runner be retired unless it is a force play at some other base. The action around the base at so close a play is fast and players are not so careful of where they plant their spikes. If the ankle of a base runner and the shoe of a baseman reach the base at the same time it is very rarely that the runner will not receive an ugly spike wound that may put him on the hospital list for weeks.

Besides the danger involved there is a possibility that the throw may be wild. The runner hitting the dirt is in no position to advance because he must regain his feet and get a standing start and is very often thrown out at second base by only a foot or so.

The player who refuses to slide into first base will be working at a disadvantage over the one who slides, not only for the value he will be to the team in advancing an extra base on the overthrow but the fact that he is cautious and refuses to let himself open to injury by making a useless slide to the initial sack.

How Jack Bentley Pitches Ball

Here are shown six photographs demonstrating the manner in which Jack Bentley, Giant hurler, grasps the ball when ready to toss over the deceptive curves and twists. The grips, shown at the left, from top to bottom, are the fork ball, the fast ball and the fadeaway. At the right, from top to bottom, are the knuckle ball, the curve ball and the slow ball.

Biggest Ball Player

Garland "Gob" Buckeye, pitcher for the Cleveland Indians, is the heaviest man in the major leagues. He tips the scales at close to 200 pounds and puts every ounce of his bulk into his pitches. "Gob" is a product of the Chicago sand lots and is going great for Tris Speaker.

Lopez, who is confined to her home by illness, was visited by the following friends and relatives during the past week: Mr. and Mrs. Vincent Gerald and daughter of San Francisco, Mr. and Mrs. Little John and family of San Francisco, Mrs. Foppiano of Daly City, Mrs. M. Larson, V. Cosio, Mr. and Mrs. J. Contua of San Francisco, Fred Castro of Watsonville and Silvy Castro of Pittsburg.

Even Tiny Girls Wear Ensembles

Leave it to stylists to seize upon any successful gownup fashions and interpret them in some way for tiny girls. Here is a picture that shows what has been done with the ensemble suit, the dress-and-coat-to-match idea, that has so impressed the world of fashion.

For little girls' dress-up frocks, fine voile proves to be about the best choice—it is delicate in texture, but it is sturdy. Voile in tomato red is used for the frock pictured and eyelet linen, bordered with the voile for the plain coat, which is sleeveless. Many lovely color combinations are possible in voile, since it is made in pastel colors and all the high shades as well.

Indians' Peace Pipe

The peace pipe of the North American Indians was a tobacco pipe with a stem of reed or painted wood about two feet and a half long, decorated with feathers, with a large bowl, usually of red soapstone. After a treaty was signed, the Indians filled the calumet, or peace pipe, with the best tobacco, and presented it to the representatives of the party with whom they entered into alliance, the Indians themselves smoking out of it afterward.—Exchange.

Shaft Would Have Value

It is strange that an expedition into the earth's interior has never been seriously attempted. If we could sink a shaft only twelve miles into the ground we might strike all the coal and oil that would be needed in millions of years. In all likelihood we should find radium, gold, silver, diamonds, and other gems of untold wealth, as well as wonderful new metals and fresh sources of energy.—Exchange.

IF I WERE IN HIGH SCHOOL

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

TOM, aged fourteen, is just finishing the grammar school, and since he and I are friends, often, as we walk down together, he tells me his plans for the future and, among these, what he intends doing in high school. Sometimes I plan what I should do if, like Tom, I were to have a chance once more to enter the high school.

I should not look so eagerly for "snaps" as I did then. I know that it may seem foolish to work when one can get out of it, to take a difficult course when one can get into an easy one, but I have learned that it is only in doing hard things that we gain strength, and it is only in overcoming difficulties that we learn to depend on ourselves.

I believe I should not study so much, but I should study harder. I should try to settle myself into a lesson and stay with it without shifting around until it was mastered, even if it took an hour or two hours.

I should learn to do my work myself. In real life we must work things out for ourselves; if we find ourselves in a hard corner we must use our own wits to get out.

I should learn to speak on my feet grammatically, correctly, without using slang. The sooner one gets control of the shaking knees, the quivering voice, the halting flow of words, the better.

I should learn to play some athletic game well. Real interest and skill in athletic games is of more than passing benefit to a young fellow; it becomes a permanent interest, and later in life when the tendency grows to sit at the desk or to stick to the business, to grow fat and overtired, the old habit draws one out into the open air, renews one's youth, develops one's muscles, and banishes indigestion.

If I were again a high school boy I should cultivate as fully as possible my friendship for other boys. I should want to keep up my studies, but I should take part in general school activities rather than devote all my time to study. Above all things I should stick persistently to some one subject, and try to be something more than commonplace.

Your Conversation

"DERBY DAY"

"Derby day" is one of the most eagerly anticipated days of the year. The first "derby" or race for three-year-old horses was instituted in 1780 and named for its founder, the twelfth Earl of Derby. It was held at Epsom Downs, south-west of London. There are a few left who think "derby" applies exclusively to headgear.

St. Paul's Community Church

Rev. Asa P. Beall, Minister

The pastor will preach at both services. His subject at 11 a. m. will be, "In the Mind of God." There will be special music and the earnest discussion of a great theme.

At 7:45 p. m. the subject will be, "Abhor That Which Is Evil." This is a great mandate from God and I wish its message might be heard by many.

Sunday school at 9:45 a. m. Epworth League at 6:45 p. m. The Bible school and the league services are full of interest. Come and have part in them. All will find cordial welcome at this church "of the people, by the people and for the people."

What to do if all lights go out

If your neighbor has lights, it probably means that one or both of your main fuses have burned out. The fuses are usually located near the Electric Meter.

Open the main switch and unscrew the fuse and remove it from the socket. As it is convenient to do this yourself, keep a supply of fuses on hand, for this will prevent your being without light while waiting for a service man or electrician.

After you have replaced a fuse, if it blows again at once, call an electrician. You can buy fuses at nearly all electrical and hardware stores. In cases of emergency where you are unable to get a fuse quickly, call the P. G. and E. service man. No charge is made for the service man's time—only the fuse is charged for.

PACIFIC GAS AND ELECTRIC COMPANY

P. G. and E.

"PACIFIC SERVICE"

20-825

Demand

In the early days of the telephone, when the 16-mile circuit from Boston to Salem was the longest in existence, an old lady visited the Boston exchange and asked for a connection to Chicago so she could talk with her son.

The need for voicing thought to far-away places began with the nation's expanding activities. Long before the telephone art permitted it, long distance service was demanded. A national service was, from the beginning, the beacon of the telephone's founders, and the

inspiration of the scientists and engineers whose achievements gradually overcame the obstacles to the transmission of human speech.

These conquered, national expansion has more and more been made possible, and the uncertainties of separation have diminished. Today any community in America can talk with any other so promptly and satisfactorily that men have difficulty in imagining a time when universal service was an ideal yet to be reached.
